## 6. ART: DAVIS RHODES

WHO: A 25-year-old painter and sculptor (and Columbia graduate) with group shows under his belt at Casey Kaplan and Passerby in New York, and Acme in Los Angeles.

WHAT: In the past Rhodes has made diamond shaped mirrors. Now he's focusing on standing metal fins. Rhodes is working on a solo show at Team Gallery for 2010 and Office Baroque Gallery in Belgium. He'll also be in a group show at Lower East Side Gallery Fruit and Flower Deli.

WHEN: Now at Team Gallery. The group show at Fruit and Flower Deli opens on February 28.

WHY: Jerry Saltz called Rhodes' current work at Team an historical benchmark: "[they] stand in space without visible support, maybe a first in art history."
